

## Front Brake Line Kits

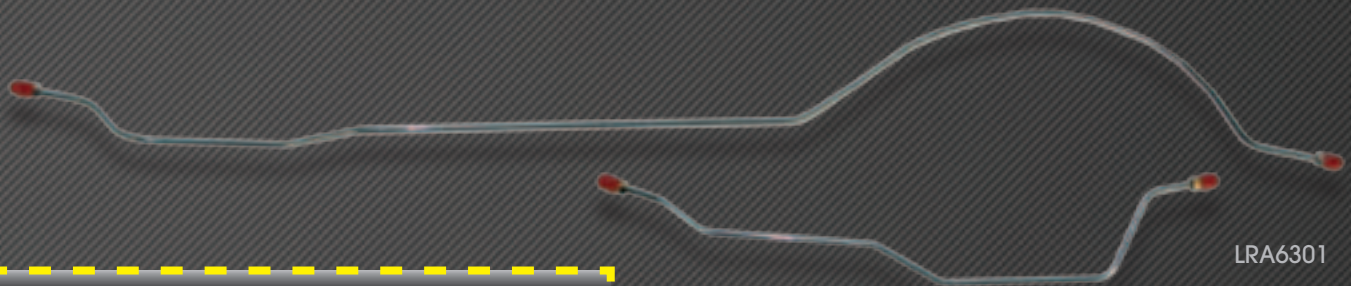

Front brake line kits consist of all brake lines under the hood. This includes the master cylinder to the distribution, combination, and/or metering valve. The left and right front lines that run to the front flex hoses are also included. Call for individual component pricing. These line kits are for vehicles with factory brake systems.

## Rear Axle Brake Lines

Rear axle brake lines include a pair of lines that run across the rear axle housing. These lines connect the wheel cylinders or calipers to the flex hose in the middle of the rear end. These lines work with original housings and axles that use factory brakes. Modifications such as rear disc brakes or narrowed rear ends will likely require special lines. Call for more information.

## Front Flex Hoses

Front flex hoses provide a flexible connection from the body or frame to the front caliper or wheel cylinders as they move during suspension travel. All of our Falcon hoses are made from O.E. rubber and are D.O.T. approved. Hoses are priced individually.

			Cost
FH78	60-64	Front	12.90
FH69	65-66	Front	15.90

## Rear Flex Hoses

Rear flex hoses carry brake fluid between the body of the car and the rear. 'T' blocks are attached whenever factory correct. Our Falcon hoses are made of O.E. rubber. All of our hoses are D.O.T. approved. Prices are per hose.

			Cost
FH78	60-65	Rear	12.90
FH69	66	Rear	15.90

## Wheel Cylinders

Wheel cylinders are priced individually. Hardware is not included.
